

# GENERAL PRODUCT SAFETY REGULATION

Compliance for the European Union (EEA)

(Effective April 15, 2025)

---

DESIGNER: French Lavender Home LLC

As of the date of this report, regulations remain unclear as to whether “*designs*” and “*craft patterns*” sold and/or communicated into the EEA/EU (as a PDF document) fall under the category of *digital products* of General Product Safety Regulation. PDF documents are generally considered communicative, not interactive.

Since the subject is still under interpretation among various regulatory bodies, French Lavender Home LLC (“FLH”) has taken a limited measure on the side of caution. However, it remains steadfast in its opinion that FLH is not a *manufacturer* of products and therefore full compliance would not be appropriate.
